CHIEF SECRETARY'S OFFICE.

# REVENUE BRANCH.

## OFFICE NOTE.

SUBJECT. In re reduction of assessment on lands under Dasavandam wells:—

LAST REFERENCE. * Sl: no. 16. Letter No. 674 dated 30th April 194 from the Supdt: of Revenue Survey

Several petitions having been received from certain ryots of the Bagepalli Taluk praying for reduction of assessment on their lands under Dasavandam wells, the Dy: Commr:, Kolar distt: was requested to submit a report on the subject, who promised to submit a full report on receipt of information called for from the Amildars, but the report is not come as yet. More than one Remr has been sent

vide Serial nos. 8 & 9 — of Correspondence Section —

2. On a subsequent petition Similar to the above, the

; submit a report
ubject furnishing information
the following points:-
(1) How does the ~~question~~ question of Dasavandum wells stand?
(2) When may a settlement be effected?
(3) Has the well supply been assessed when it is in addition to
(1) River channel
(2) Tank , and if
So, to what Extent?

With reference to the above,
e Survey Supdt. States
hat according to para 2
No 5 of the Precis of orders
onnected with the Inam
nquiry, all valid Inams
the Kind in question have
een confirmed & those
hat were resumed have
een assessed by the
urvey & full Survey
ssessment has been levied.
e further says that in
ixing the Survey assess-
ment, consideration is
lways shown to well

and 14. of Correspondence

with lands ... a bank or channel, & that he is not aware that, these Dasavandam Grants having been resumed, any further dealing with them by the Survey is called for ——

As regards query No 3, the Supt Rt refers to that when well supply exists in addition to river channel or bank, the assessment is undoubtedly a little higher owing to the well supply, that such lands are especially valuable, and that as regards well irrigated lands generally, whether Dasavandam or otherwise, a principle of fair consideration in assessing is observed, the works in question being considered due to private enterprize.

vide Serial No. 16 of correspondence Section ——

4. The Subject under reference has been discussed at the Dasara Ref: Assembly

1888 & 1891. (vide Survey
nos. 23 relating to the Kolar

Wait - tell me what the Dy Comrs report & then submit the Papers to the Dewan. As the Inams remain as only invalid Inams, I do not think that any thing more remains to be done, especially as the Supdt of Revenue Survey states that the character of wells has been taken into account in fixing the assessment

H 11/9/94

## No. 5. Bavadi Dasvandams.

The Inams known by this name were granted for the up-keep of certain wells irrigating Government lands. They are of three kinds, viz:—

(a) Land defined and separately in enjoyment.

(b) Land not defined, but included in a given quantity of Sirkar land, without Situation of the Inam being determined.

(c) A Share in kind out of the produce of the lands watered by the wells.

2. These Inams will be registered as per particulars in the accounts, and if valid, will be confirmed on existing tenure. If not valid, or given by incompetent authorities, they will be resumed, but the assessment of the resumed lands will not be levied pending the introduction of the revenue Survey. The following remark should be entered in the Registers. "Assessment not to be revised or levied, till the Survey department deals with it".

Extract of Precis order
No 5 connected with
the Inam Enquiry

GOVERNMENT OF MYSORE

correspondence on the subject of Dasavandam Drams under wells: —

1. The Dram Commr defines the term Dasavandam to be a grant of Dram made for the up-keep of wells constructed at the cost of their existing owners or their ancestors.

vide papers nos. 1, 1a, 3, 4 & 4a of the reference Section.

2. At the Dram enquiry the Dram Commr proposed to classify & to dispose of the said Drams as follows & the proposals were approved by the Chief Commr: —

I. If the lands under these wells have been held on garden assessment, the Drams may be confirmed on the existing tenure under clause A of Land Dram Rule no V. If on dry assessment, ie when the Dramdar having the benefit of the Dram does not pay garden assessment to Govt on the

well for the up-keep of which the Inam was granted, he cannot be permitted to have double advantage of enjoying the Inam & paying only dry assessment on the lands, and the Inam should be resumed — when wells are so dilapidated as to be useless for irrigation; the Inam should be resumed.

II. Dasavandam Inams under wells mentioned in the Jari Inam Ti accounts & others granted by the Supdts of Divisions under Chief Commrs authority, should be confirmed on the existing tenure.

III Dasavandam Inams granted by villagers & Amildars on their own authority should be fully assessed, if their duration of 50 years under Land Inam Rule No. III is not

IV. Valid Dasavandams referred to in class II above, which are not held by the original grantees, their descendants or bonafide purchasers, but which have been put in possession of other people by the Subordinate Rev: Servants without the Supt's authority, should be fully assessed, if the Govt lands under the wells are held on dry assessment & not charged with garden rates.

V. Certain Dasavandam Inams under wells, the exact locality of which is not specified, are enjoyed in the shape of a share of the produce or of the assessment. In such cases the value of the Inam in money, provided it is borne out by entries in the Sannads or Govt accounts, should be recorded in the Register to be

the shape of a remission from the assessment fixed by the Survey upon the land under Dasavandam wells, the owner of which is generally the Inamdar.

VI. When a Dasavandam-dar or Kodigidar has no lands under the works of Irrigation, for the upkeep of which Inams were granted to him, the value of the Inam may be ascertained and land elsewhere granted in communication with the Rev: authorities and registered as Inam in this Settlement to prevent as much as possible new Inams coming into existence after the operations of this Department are concluded.

3. Certain Dasavandam Inams similar to those described in the latter part of Rule I above were resumed

vide paper no. 6/a of reference Section

GOVERNMENT OF MYSORE

palya Taluk; and subsequently the Inam Commr enquired the Supdt. Nandidoorg Division whether there would be any relinquishment of Govt lands under the wells owing to the resumption of the Inams which were said to have been enjoyed free of tax for the up-keep of the wells, and said that if the resumption of Inams should lead to a relinquishment of the lands under the wells, or necessitate a reduction of assessment thereon and if it was thought on the whole that the loss to Govt would be greater than the full assessment of the Inams, then the assessment on the lands below the wells would be revised so as to make it equal to the amount paid by the holders before the Inams were resumed.

of the resumption of the Inams, the assessment was not too heavy and that it was far less than the Survey rates.

4. On the Vaudidroog Division Supdt communicating the above to the Kolar Distt Dy: Supdt for opinion, the latter ~~in reply observed~~ submitted as follows:—

(1) In the first place, it is doubtful whether Bavadi Dasavandam Inams come under the cognizance of the Inam Deptt, the ~~introduction~~ introduction of this tenure being simply a revenue measure adopted for the encouragement of the cultivation of remunerative crops, with a view to improve the condition of the ryots & increase the Government revenue. It

vide latter portion of paper no. 6/a of reference Section.

any part of revenue which the Government was entitled to get before these were constructed by the ryots at their own expense, nor was it a reward for any Service to be performed. It was only a just indulgence shown to the ryots who spent their capital for the improvement of the Country - and a simple permanent remission of revenue in the shape of land. If, in former days, the indulgence was shown in this shape to those who spent capital for the improvement of Govt lands, it is now shown in another shape. viz the continuance of dry landrate though irrigated by wells - an indulgence more liberal than that shown in former days when heavy wetrates

were

allowing a Small remission.
This kind of Dasavandams
Should not be treated as
Inams, though they are
erroneously called as Such,
and those who laid out their
capital in former days for
the improvement of Govt lands
on the guarantee then under-
-stood to have been given
be deprived of the indulgence
which they were justly allowed
to enjoy for So long a period.
If any modification of the
former arrangement in
this respect is considered
necessary & the mode of
remission or indulgence
is to be altered, this duty
legitimately belongs to
the Survey Department.
The resumption of the inams
will tend to discourage
agricultural operation
& the extension of which
Govt are granting Takavi
ryots. Ryots who held

to keep them paying the assessment thereon at the same rates as fixed on the adjoining lands. Nobody will ever apply for these lands owing to the difficulty of getting water from the owner of the well who has his Kandayam lands to irrigate besides the Inam. Therefore the lands will lie waste, unless they are let out on dry assessment.

(2) These wells were constructed by the owners at great outlay. The cultivation of the lands under the wells is also costly as superior bullocks are required to draw water in addition to those required for ploughing the land. Nevertheless, very high wet assessment was imposed on these lands,

& involved them in debt,
So that in 1868 partial
relief was given by revising
all the rates above Rs. 10
per Candy or Rs. 5 per acre
and reducing the maximum
rate from Rs. 40 to Rs. 20
per Candy or Rs. 10 per acre.
With all this, the ryots
were not able to get a fair
return from the cultivation
of these lands irrigated by
wells. It is therefore feared
that the resumption of the
Inams will lead to the
relinquishment of Govt
lands under these wells.
3) The present maximum
rates of assessment on
these lands is Rs. 10 per acre,
the minimum being 5 Rs
per acre; and there is only
a very small extent of
land paying below Rs. 5
which forms only 11 out
249 cases in which these
Inams have been resumed

up to the end of 1871. According 1/3/72
to the Survey reports, the
maximum rate for well
watered lands is Rs. 3 per
acre & the average rate Rs 1/8/-
per acre in the Talukas of
Honnavar & Kanakoppa
and Rs. 4 in the Davangere
and Harihar Talukas, while
our maximum rate on
Such lands is twice or 3
times more than the
Survey rates.

(4) By the Inam Comm'rs. pro-
-posal that in case of the
resumption of these Inams
proving prejudicial to the
interests of Govt, the present
assessment on the Govt lands
may be so raised as to make
it equal to the amount paid
by the holders before the
Inams were resumed, ~~if~~ it
is understood that the re-
sumed Inams should be
incorporated with the Govt

be assessed at such
as the amount hitherto
paid for lands minus the
Inam may not be exceeded.
If so, then it will uselessly
entail extra labour on
the Govt Servants in cal-
culating new rates and
preparing fresh Pattas
in each case, necessitate
the increase of the no. of rates
according to the extent of
the resumed Inams in-
corporated with the Govt.
lands, and in fact upset
the arrangement made in
1868 by which the no. of rates
was reduced & matters
made Simple.

Under these circum-
stances, the Bavadi
Dasavandam Inams
may be continued till
the Survey operations
commence in that Taluk,
when these lands may
be Settled like all those

Lands

no Inam. If it however be decided that these re-Surved lands should be assessed immediately, the assessment may be fixed at Rs. 2-8-0 per acre which is very nearly the maximum Survey rate, and the lands left in the possession of the original holders.

vide papers No. 6 & 8 of reference Section —

5. In Submitting to the Chief Commr the views above recorded which were Seconded by the Nandidoorg Division Supdt. the Inam Commr insisted upon fraudulent & unauthorized Inams being resumed by the Inam Deptt, the question of their assessment being left to the Survey & Settlement Deptt

vide papers nos 9 & 13 of the reference Section

6. Thereupon it was finally decided by the Chief Commr that no assessment should

Inams, nor the existing
assessment on the lands below the wells.
already assessed revised
till the Survey depart-
-ment deals with the question.

GOVERNMENT OF MYSORE

At the Representative Assembly held in October 1888, the members of the Kolar District complained of the withdrawal at the Survey Settlement of the remission of 1/4th assessment on lands irrigated by private wells and asked for the revival of the concession. The Dewan promised to look into the question.

Vide Subject No: 23. Kolar District Page 8 of the Proceedings of the Assembly 1888.

The Representatives of this District again complained at the Assembly 1891 that lands irrigated from Dasavandam wells constructed at private cost had, during the Survey Settlement, been assessed at full rates and they requested that the Dasavandamdars might be allowed a remission of 1/4 assessment as in the case of restorers of private tanks. The Dewan was pleased to reply that favorable orders would soon issue.

Vide Subject No: 222 Page 101 of the Proceedings of the Assembly 1891.

of the Bagepally Taluk praying for the grant of the usual Dasavandam with regard to the wells constructed by them at a great expense were forwarded to this office for report with the Chief Secretary's Official Memoranda noted in the margin and they were sent to the Sub Division Officer Chick-ballapur for submission of the necessary report in each case.

On his docket No: 241 dated the 23rd September 1892, the Sub Division Officer reported that there were many Dasavandam wells in the Bagepalli Taluk and that if Government were pleased to pass orders setting forth the general principles on which these wells should be dealt with, lists there of might be prepared in accordance with the same.

Thereupon, circular orders were issued from this office to all the Amildars and Deputy Amildars

No: 660 dated the 25th November 1892 giving cover to a petition from Gollapalya Sastry and others of Chellur Bindlur villages Bagepally Taluk.

No: 242 dated the 17th August 1892 giving cover to a petition from Raj Narasappa & others Ryots of Kondikunte Bagepally Taluk praying for the grant of the usual Dasavandam with regard to the wells constructed by them at a great expense.

No: 97 dated the 23rd July 1892 giving cover to a petition from the Ryots of Pillagal and other villages Bagepally Taluk praying for the grant of the usual Dasavandam with regard to the wells constructed by them at a great expense.

No: 38 dated the 15th January 1892 giving cover to a petition from Byanna and others of Pillagalla village Bagepally

wells in their respective Talukas and Sub-Talukas with full particulars in each case so that the question might be submitted to Government in a complete and comprehensive form.

The Sub-Division officer has also been requested to obtain lists for the Talukas of his Sub-Division and submit the same with his report.

The receipt of the reports called for from the Talukas and the Sub-Division officer is awaited.

ERNAKE. FOR MYSORE

(15)

Survey Superintendent's Office

Bangalore 25th April 1894

To,

The Chief Secretary to the
Dewan of Mysore

Sir,

I have the honor to acknow-
-ledge the receipt of your No Pet/1693
dated 26th ult February last for-
-warding Petition No. 2832 and
calling for a brief report as
to how the question of Dasavan-
-dem wells stands and when
a Settlement may be expected.

In reply I beg to refer you

to

to No 5 of the Prices of Orders connected with the Inam inquiry. You will perceive that all valid Inams of the Kind under question have been confirmed but those which were resumed had a remark written opposite them that the assessment should not be revised or levied till the Survey Department should deal with them These have all been assessed by the Survey and I presume that

this

the full Survey assessment has been levied. In fixing the Survey assessment consideration is always shewn to well irrigated lands as compared with lands irrigated from a tank or channel and I am not aware that, these Dasavandum Inams having been resumed, any further dealing with them by the Survey is called for.

I have the honor to be
Sir,
Your most obedt. Servant

Supdt. Mysore Revenue
Survey

walls stands and when a Settlement may be expected.

With reference to the above has the honor to state the report called for on the subject in question has already been furnished with this Office ℄ No. 658 dated 25th idem. With reference to concluding portion of Docket under reply it may be added that when well supply exists in addition to River channel or tank the assessment is undoubtedly a little higher owing to the well supply. Such lands are especially valuable. As regards well irrigated lands generally whether Dasavandum or otherwise a principle of fair consideration in assessing is observed, the works in question being considered due to private enterprize.

Serial No 411

Official Memorandum.

SUBJECT NO. 257.

Early decision of the question of Dasavendam wells.

THE attention of the Dep Comr of Kolar ..... is drawn to Subject No. 257 of the Dasara Representative Assembly Proceedings of October/93 and he is requested to Expedite his report with the statistics he is now collecting.

By Order,

4/6/94

Chief Secretary.

**Subject No. 257.**

**Early decision of the question of Dasvendam wells.**

*Summary of discussion.*—The question relating to Dasvandam wells has not yet been decided. Formerly it was the practice to grant $\frac{1}{4}$th remission on lands irrigated by private enterprise "Kapile" wells. Since the Survey Settlement, full assessment is being recovered and nothing has been done yet although much correspondence has taken place between the Taluk and the District authorities on the subject. Favorable orders are requested.

*Dewan's reply.*—The Deputy Commissioner is collecting statistics and his report is awaited.

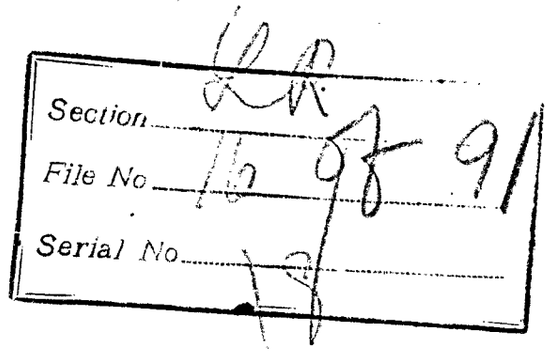
Bangalore,
12th Sept. 94.



My dear Sir.

I enclose Copy of Survey Supdts letters No. 658 of 25th April last and No 674 of 30th April last regarding Dasavandum Inams. These may be useful or interesting to you.

A Report from you is still due - If you will kindly expedite it, I shall be much obliged - It will dispose of a big file in a matter in which apparently there is nothing to be done.

I am
yours truly
B.H. Boundary Comr,

C. Madiah Esq

From

The Deputy Commissioner
Kolar District.

To

The Chief Secretary to the
Dewan of Mysore.

Sir,

With reference to your docket No: 1281/212 dated the 19th July 1893 on the subject of Dasavandam wells, I have the honor to submit herewith a list of such wells in the Bagepalli Taluk shewing amongst other particulars in each case the amount of permission which used to be granted to the Dasavandamdars prior to the Survey Settlement together with the Survey Assessment now levied on the lands under the wells.

2. I was thinking whether in the case of the wells maintained in good order, the Dasavandamdars might not be allowed some concession similar to what has been granted to the restorers of ruined tanks in consideration of their enjoyment of a permission of assessment on the lands irrigated by such wells prior to the Survey Settlement, but I find on a perusal of copies of the marginally noted correspondence that the Dasavandam drains brought under full assessment at the Survey Settlement were long go

1. Survey Superintendent's letter No: 658 dated 26th April 94 to the Chief Secretary to the Dewan of Mysore.
— do — docket No: 674 dated 30th April 1894.
Docket No: 782/Rev 243 dated 12th May 1892 from the Secretary to the late Chief Commissioner to the address of the Inam Commissioner of Mysore.

in fixing the assessment regard was duly had to the fact of the existence of private enterprise wells for the irrigation of the lands dealt with by the Survey Department.

3. I cannot under these circumstances think that any further treatment of the question is called for.

4. The Amildar's Kanarese lists on which the enclosed English list is based are also submitted for reference.

5. The Amildars of Kolar, Bowringpet, Malur, Mulbagal and Chickballapur and the Deputy Amildar of Srinivaspur have reported that there are no wells of this discription in their Talukas.

6. The Amildar of Goribidnore and the Deputy Amildar of Gudibande have each reported a case in which the inam appears to have been confirmed on a quitrent or otherwise. Particulars of these inams are embodied in a separate statement herein enclosed with the Amildar's Canarese statements.

7. The reports called for from Sidlaghatta and Chintamani have not yet been

I have the honor to be,

Sir,
